I ATTENDED THE MONTHLY HHOT MEETING. I LEFT EARLY TO ATTEND THE DMH MEETING DOWNTOWN. BELOW IS A SYNOPSIS OF WHAT WAS DISCUSSED: Antquan from The Center brought the meeting to order. He explained there will be a newer and more efficient CES form in the near future which will be distributed to replace the old one. He followed up with agency updates and introductions. I will only document those agencies that have updates.

Jill from Step Up advised they have five new clients and will be partnering up with PATH and West Hollywood Home Team which will bring aboard an additional 25 potential clients.

Nathan from The Center reminded everyone to meet with clients on Monday, Tuesday and Thursday at their facility for coffee after 0900 hours. He also advised they, along with Kerry Morrison, will be organizing a group for the Home Walk scheduled for 11/21/2015. He pleaded for that everyone should attend and contact him to keep in the loop for the event.

OUTREACH- 550 S. VERMONT AVENUE- DMH OUTREACH MEETING

Upon arrival, I recognized many faces from our outreach community. The meeting was brought to order by Ed and Irma from LA DMH. They explained the purpose of this meeting was to try and connect all the agencies together because many are unaware they are working with the same client. Often times, a service provider may only be limited to certain services; this orientation will inform other serviced that might benefit the client. It was also an opportunity to introduce each case worker, their organization and what benefits they can provide to each client. Irma advised there are three various programs involved with everyone in the room. Actual case management involving agencies that obtain section 8 vouchers for housing (and all the assistance to get a client to that point), various homeless services, and jail diversion. She clarified SB82 and its joint efforts with the city

and county, Home Team participation, housing navigation, CES, and assisted outreach treatment and rehabilitation services.

There was a speaker who explained Laura's Law in detail and the program implemented for the safety of others. There are nine rules to meet the recommendation criteria- over 18 years of age, roommate, family member, hospital, parole officer, probation officer, police officer, mental health, and non-compliance. Non-compliance is defined as lack of treatment after two or more 5150 holds, two or more arrests involving violence, and four or more hospital visits. Once the subject is referred to a case worker, he / she will try and conduct outreach for a minimum of 30 days. If the potential client refuses to volunteer and shows deterioration, the law will be in effect and the client will be placed on a hold.

Other attendees are listed below. Each agency explained the services they provide and contacts they are affiliated with. SB82 mobile outreach and engagement team / case management, LAHSA, Home Team, VA- Valor program, multiple DMH teams, and CES coordinators.

Irma and Ed ended the meeting by stating they are implementing a plan homeless housing. As well as constructing a website incorporating all agencies and the services they provide with contact info- including a flow chart to assist with outreach providers.

The next scheduled meeting is the second Tuesday of next month.
